INDIAN HEAD MASSAGE

Indian Champissage™ Head Massage is a simple, safe and highly beneficial therapy, which is great for everyone. It is a convenient therapeutic treatment, performed seated without the need to get undressed. It includes the scalp, face, neck & shoulders. It soothes, comforts & rebalances the flow of energy to produce a feeling of deep peace & tranquillity but also leaves you energised.

FACIAL REJUVENATION

This works by freeing constrictions both within the facial muscles and in the connective tissue. It is a natural facelift done through massage and is designed to be a gentle non-invasive approach to looking younger. Through gentle massage of the face, Rima can help to delay the ageing process. This is achieved by using simple massage techniques and energy balancing, thereby giving the facial muscles a lift and a new lease of life. In addition to the physical results, the treatment works to deeply relax both the mind and body. The face feels more mobile and the mind feels clear and alert.

NEAL'S YARD REMEDIES HOLISTIC FACIAL

Holistic facials are a sumptuous way to treat your skin to a workout, whilst soothing and relaxing your mind. The treatment will leave your skin and mind feeling refreshed and revitalised. Rima uses only the best organic and natural skincare products combined with face mapping to tailor each facial for your own needs. Any solutions for the problem areas will be discussed with you at the end of the session.

AYURVEDIC KANSA VATKI FOOT MASSAGE

This is a massage which focuses on the lower legs and feet using a special bowl made of 3 metals. The massage is based on Ayurvedic and Marma principles and leaves the legs and feet revived and leaves the mind deeply relaxed.
